

# Sakhi's Impact In 2024

This year, Sakhi's programs have achieved unprecedented milestones, creating transformative impacts in the lives of survivors. By the end of this year, **we will work with over 600 survivors--the highest number to date.** Our holistic programs supported their journeys to safety through crisis management, mental health counseling, legal services, and access to essentials such as food, housing, and economic security.

## Survivor-led

# 100%

of survivors working with our Counseling Program achieved at least one self-actualized goal within six months of working with Sakhi. **95% of survivors working with our Anti-Violence Program gained safety from harm within this same period of time.**

## Housing justice is fundamental to healing

# 90%

of survivors who successfully exited our Housing Program after receiving rental assistance **retained stable, permanent housing** and self-reported feeling more empowered compared to when they started working with Sakhi. Sakhi's Housing Justice Program **distributed over \$1.2 million this year--the highest amount to date--providing critical support to 239 survivors, a 19% increase from 2023.**

## Economic justice is Survivor Justice

# 93%

of survivors accessed tools and resources towards to be emotional and financial self-sufficiency. **42% sought assistance with advancing their educational goals, 45% were connected to education towards long term career advancement, and 88% of survivors in the program successfully secured public benefits,** providing them with critical support on their path to stability and independence.

## Youth justice for the future

# 94%

**more Youth Empowerment Program participants worked with Sakhi compared to 2023.** Sakhi works with survivors starting at the age of six, and is committed to uplifting and mobilizing youth survivor justice.
